Cookie Policy — VibeSell

Effective as of 28 October 2026

Article 1 – Purpose

This policy describes the cookies and other trackers used on vibesell.it and in the VibeSell application (the "Site"), and how to accept or refuse them, in accordance with Article 82 of the "Informatique et Libertés" Law and the recommendations of the CNIL. The Site is published by AXELERIO ("VibeSell"), whose details are set out in the Legal Notice.

A tracker is any device that reads or stores information on your terminal: cookie, browser local storage, pixel.

Article 2 – Trackers used

Tracker	Publisher	Purpose	Setting	Max. duration
Necessary storage (session, preferences, choices regarding trackers)	VibeSell	Login, security, remembering your choices	Without consent (exempt)	Session, or 30 days after its expiry
PostHog	PostHog, Inc. (United States)	Audience measurement, session recording	With consent	13 months
Google Ads (gtag)	Google Ireland Limited	Measurement of advertising conversions	With consent	13 months
Meta Pixel	Meta Platforms Ireland Limited	Measurement of advertising conversions	With consent	13 months
LinkedIn Insight Tag	LinkedIn Ireland Unlimited Company	Measurement of advertising conversions	With consent	13 months

Advertising trackers tell their publisher that a visit follows an advertisement displayed on its services. These publishers process this data as controllers, in accordance with their own policies.

Article 3 – Your consent

3.1. On your first visit, a banner presents the trackers subject to consent. They are set only after you accept them. You may accept all or refuse all just as easily, using buttons of the same level, or choose by purpose.

3.2. Refusing does not prevent you from using the Site: only exempt trackers are then used.

3.3. Your choice is kept for no more than six (6) months, after which you are asked again.

Article 4 – Changing your choices

You may change your mind at any time using the "Manage cookies" link in the footer; withdrawing your consent is as easy as giving it. You may also block trackers in your browser, but blocking necessary trackers may prevent you from logging in to your account.

Article 5 – Transfers and contact

Data collected by PostHog is processed in the United States, under the conditions of Article 5 of the Privacy Policy. For any question: vibesellit@gmail.com. Your rights are described in the Privacy Policy.
